Case 12-RC-71890

INTERNATIONAL BROTHERHOOD
OF ELECTRICAL WORKERS, LOCAL
UNION 349, AFL-CIO
Petitioner

DECISION ON REVIEW AND ORDER

Employer's Request for Review of the Acting Regional Director's Decision and Direction of Election is granted as it raises substantial issues warranting review. Contrary to the Acting Regional Director, we find that separate elections should be held, one in a unit consisting of the high volume installation and service technicians, and the other in a unit consisting of the commercial installation and service technicians. Accordingly, the Acting Regional Director's Decision and Direction of Election is reversed, and this case is remanded for further appropriate action consistent with this Decision.

Member Griffin, dissenting:

As I would find the petitioned-for unit appropriate, I would deny review.
